Proud Air Force Veteran and Full-Stack Software Developer adept at excelling in high-pressure environments. Demonstrated expertise in attention to detail, communication, customer education, sales growth, feedback capture, and issue resolution. Effective collaborator in diverse teams, fostering successful collaboration across backgrounds and cultures. Enthusiastically applies newly acquired full-stack software skills to drive employer success and deliver optimal user experiences.

TECHNICAL SKILLS

HTML - CSS - Bootstrap - JavaScript - ES6 - jQuery - Ajax - JSON - RESTful API - REST API - Maven - Java SE - Java EE (Servlets, JSP, J2EE) - File I/O - MVC - Spring Boot - Hibernate - MySQL - Thymeleaf - Object-Oriented Programming (OOP) - Test-Driven Development (TDD) - Version Control with Git - Paired Programming - Agile Methodologies - Debugging - AWS Deployment - Apache TomCat - Unit Testing (JUnit) - Adobe Creative Studios - Wix-Shopify

Exposure to: Agile Management Tools - KanBan for Workflow - Project Management Tools - Github Pages - NPM - Scrum Stand Up - Documentation - Spring Framework

SOFT SKILLS

Collaborative - Peer Review - Innovative - Strong Communication Skills - Teamwork - Builds Relationships - Initiative - Analytical - Flexibility - Reliable - Integrity - Work Independently - Visualization - Virtualization - Willingness to Learn - Collaborate - Problem Solving Skills - Research Skills - Dedicated - Competitive - Self-motivated - Committed - Team Player - Innovative - Independent - Written and Oral Communication Skills - Culture - Fast Paced

TechConnect: [Repository](#)

Tech Connect is a collaborative capstone project where our team developed a full-stack tech meet-up website. Using Java, JavaScript, CSS, HTML, Spring, and Thymeleaf, we built a mobile-responsive platform. With the integration of Mapbox API, we incorporated interactive mapping features. Following an Agile workflow, we successfully executed the development lifecycle, from design to deployment. Tech Connect connects tech enthusiasts, promotes networking, and facilitates knowledge sharing within the tech community.

Skills: Paired Programming, HTML, CSS, Bootstrap, Java, JavaScript, Spring Boot, Spring Boot Security, API.

CommuniList [Repository](#)

A simplified version of Craigslist that allows users to post and browse advertisements. The project provides a functional and user-friendly platform for posting and browsing advertisements, while also providing me with experience in web development, database management, and software testing.

Skills: Paired programming, HTML, CSS, JavaScript, Spring, MySQL, and jQuery.

PoppinFlix: [Repository](#)

Designed and developed a web-based movie database. Utilized RESTful API calls to enable CRUD (create, read, update, delete) functionality for dynamically rendered elements, including the use of modals to allow users to delete, add, and edit movies. In addition to its user-friendly interface and advanced features, PoppinFlix also boasts a sleek and modern design, with a visually appealing color scheme and intuitive layout.

Skills: Paired programming, JavaScript, HTML, CSS, jQuery, TMDB API, Adobe XD

MILITARY EXPERIENCE

United States Air Force | United States Air Force Reserves

Okinawa, JP | Destin, FL | Johnson County, MO

Services Apprentice

June 2018- Jan 2022

- Successfully managed the planning of a department morale event for over 100 associates, while working within a tight timeline and budget of thousands of dollars.
- Demonstrated excellent organizational skills and the ability to effectively communicate with team members, resulting in a memorable and enjoyable event for all participants.
- Demonstrated exceptional teamwork by assisting the team in safely and efficiently preparing meals for over 400

customers on a daily basis.

- Leveraged expert knowledge of job skills and consistently delivered high-quality results, as evidenced by achieving the department's highest rating of 96% for four consecutive years, which was recognized by the department director.
- Collaborated effectively with Japanese local nationals during daily job duties, overcoming language barriers and cultural differences through effective communication and adaptability.
- Demonstrated a high level of cultural awareness and sensitivity, contributing to a positive work environment and successful outcomes.
- Conducted diligent data gathering of facility information and accurately entered the data at the end of each shift, ensuring that the stock of materials in the back of the house was up-to-date.
- Displayed excellent attention to detail and organizational skills, contributing to a smooth and efficient workflow.
- Adhered to Food Safety and Injury Prevention policies, enabling successful completion of tasks with minimal mishaps.
- Demonstrated a strong commitment to safety and compliance, and effectively applied knowledge of policies and procedures to maintain a safe working environment.

PROFESSIONAL EXPERIENCE

UGG Store (Deckers Brands)

Sales Lead/Visual Merchandiser

Jan 2022 – Jan 2023

- Educated customers on company products by asking open-ended questions and engaging in genuine conversation to increase sales and build loyal clientele.
- Consistently captured over 20 customer surveys per month, providing valuable feedback that aided the company in identifying problems and developing solutions to enhance the overall customer experience.
- Demonstrated exceptional conflict resolution skills by actively listening to customers and communicating professionally to resolve their concerns, resulting in strengthened customer relations.
- Played a pivotal role in training newly hired sales associates on product knowledge, equipping them with a comprehensive understanding of our offerings, features, and benefits, thereby enhancing their ability to effectively communicate with customers and drive sales.
- Effectively promoted rewards programs and maintained records of clients' purchase history to gauge their interests and follow up with them regarding new products, resulting in increased sales and strengthened client relations.
- Recognized for exceptional performance and leadership skills, promoted to the position of sales lead within just four months of being hired, demonstrating a rapid progression in responsibilities and a proven ability to effectively motivate and guide team members towards achieving sales targets and delivering exceptional customer service.
- Ensured an exceptional customer experience by actively assessing interactions on the sales floor and providing coaching and guidance to team members, resulting in enhanced performance and seamless daily operations.
- Effectively executed corporate direction on floor layouts as a visual merchandiser, ensuring adherence to brand guidelines and creating visually appealing displays that captivated customers.
- Successfully generated comprehensive reports on end of day sales, providing accurate and detailed information on daily sales figures, product performance, and customer trends, contributing to informed decision-making and strategic planning

EDUCATION

Codeup

Certification of Completion

Feb 2023 - July 2023

This 5-month coding boot camp teaches full-stack software development through 670 contact hours of hands-on technical training (20% more time than 4-year degree majors require). Students hone skills in modern web technologies, computer science, software engineering, and application architecture while gaining project experience with pair programming, debugging, troubleshooting, agile project management, user stories, feature lists, UI/UX, wireframing, and relational database design.

Collin County Community College Plano, TX

Associates in Arts of Teaching

Early Childhood Education
