Proud Air Force Veteran and Full-Stack Software Developer with the ability to excel in high-pressure environments. Demonstrated experience with attention to detail, excellent communication skills, educating customers on products, increasing sales, capturing feedback, and resolving customer concerns. Able to work effectively in a team, collaborating successfully with individuals from diverse backgrounds and cultures. Eager to apply my newly acquired full stack software skills to contribute to the success of my employer and provide optimal experiences for their users. Has a strong enthusiasm for website design and possesses a unique blend of creativity and technical skills making a valuable asset to any web development team.

TECHNICAL SKILLS

HTML - CSS - Bootstrap - JavaScript - ES6 - jQuery - Ajax - JSON - RESTful API - REST API - Maven - Java SE - Java EE (Servlets, JSP, J2EE) - File I/O - MVC - Spring Boot - Hibernate - MySQL - Thymeleaf - Object-Oriented Programming (OOP) - Test-Driven Development (TDD) - Version Control with Git - Paired Programming - Agile Methodologies - Debugging - AWS Deployment - Apache TomCat - Unit Testing (JUnit) -Adobe Creative Studios- Wix-Shopify

Exposure to: Agile Management Tools - KanBan for Workflow - Project Management Tools - Github Pages - NPM - Scrum Stand Up - Documentation - Spring Framework

SOFT SKILLS

Collaborative - Peer Review - Innovative - Strong Communication Skills - Teamwork - Builds Relationships - Initiative - Analytical - Flexibility - Reliable - Integrity - Work Independently - Visualization - Virtualization- Willingness to Learn - Collaborate - Problem Solving Skills - Research Skills - Dedicated - Competitive - Self-motivated - Committed - Team Player - Innovative - Independent - Written and Oral Communication Skills - Culture - Fast Paced

DEVELOPMENT PROJECTS

 developed feature lists, wireframes, storyboards, database diagrams, and a project management boar**Capstone Project Name - Live | Capstone Project Name Repo**
- 1st sentence = project pitch/functionality description
    - What did you build?
    - What does it do?
- 2nd - 3rd sentences = features implemented description
    - What was the outcome or intended outcome?
    - If you worked with a partner or in a group, what was YOUR specific contribution?

Skills: (Technologies used to build your project)

Capstone Project Name: Live Site | Repository
Worked collaboratively with a group of developers to design, plan, build, and deploy a mobile-responsive full-stack web application. After finalizing a project proposal, we created user stories and. Through morning stand-ups and afternoon demos, we leveraged an Agile workflow to execute the full development lifecycle through deployment to AWS. [If applicable: Additionally, integrated XYZ APIs for enhanced user functionality.]
Skills: Paired Programming, HTML, CSS, Bootstrap, Java, JavaScript, Spring Boot, Spring Boot Security, API.

Ad Lister Project Name: Live Site | Repository
A simplified version of Craigslist that allows users to post and browse advertisements. The project provides a functional and user-friendly platform for posting and browsing advertisements, while also providing me with experience in web development, database management, and software testing.
Skills: Paired programming, HTML, CSS, JavaScript, Spring, MySQL, and jQuery.

Weather Map Project Name: Live Site | Repository
A weather application that gives the forecast for locations around the world. The application is designed with a clean and intuitive interface that allows users to quickly and easily access the information they need. The application makes

use of the latest weather data to provide hourly and daily forecasts for a variety of metrics, including temperature, precipitation, wind speed, and humidity.
Skills: HTML, CSS, jQuery, AJAX, and OpenWeatherMap API

PoppinFlix: [Live Site](#) | [Repository](#)
Designed and developed a web-based movie database. Utilized RESTful API calls to enable CRUD (create, read, update, delete) functionality for dynamically rendered elements, including the use of modals to allow users to delete, add, and edit movies. In addition to its user-friendly interface and advanced features. PoppinFlix also boasts a sleek and modern design, with a visually appealing color scheme and intuitive layout.

Skills: Paired programming, JavaScript, HTML, CSS, jQuery, TMDB API,Adobe XD

GetRoasted: [Live Site](#) | [Repository](#)
Worked in collaboration with a partner to design and develop a web-based coffee website, with a primary focus on enhancing the user experience and interface. We utilized dynamic elements that were drawn from an object array to display coffee names and roast types and also implemented local storage functionality that enabled users to save and retrieve their search results. To further improve the user experience, we added the ability for users to create new coffee types and roasts and also incorporated filtering options by roast type through key entry or selection.
Skills: Paired programming, JavaScript, HTML, and CSS.

MILITARY EXPERIENCE

United States Air Force | United States Air Force Reserves

Okinawa , JP | Destin, FL | Johnson County, MO

Services Apprentice   Jun 2018- Jan 2022
- Successfully managed the planning of a department morale event for over 100 associates, while working within a tight timeline and budget of thousands of dollars. Demonstrated excellent organizational skills and the ability to effectively communicate with team members, resulting in a memorable and enjoyable event for all participants.
- Demonstrated exceptional teamwork by assisting the team in safely and efficiently preparing meals for over 400 customers on a daily basis. Leveraged expert knowledge of job skills and consistently delivered high-quality results, as evidenced by achieving the department's highest rating of 96% for four consecutive years, which was recognized by the department director.
- Collaborated effectively with Japanese local nationals during daily job duties, overcoming language barriers and cultural differences through effective communication and adaptability. Demonstrated a high level of cultural awareness and sensitivity, contributing to a positive work environment and successful outcomes.
- Conducted diligent data gathering of facility information and accurately entered the data at the end of each shift, ensuring that the stock of materials in the back of the house was up-to-date. Displayed excellent attention to deta and organizational skills, contributing to a smooth and efficient workflow.
- Adhered to Food Safety and Injury Prevention policies, enabling successful completion of tasks with minimal mishaps. Demonstrated a strong commitment to safety and compliance, and effectively applied knowledge of policies and procedures to maintain a safe working environment.

PROFESSIONAL EXPERIENCE

UGG Store (Deckers Brands)

Sales Ambassador   Jan 2022 – Jan 2023
- Educated customers on company products by asking open-ended questions and engaging in genuine conversation to increase sales and build loyal clientele.
- Consistently captured over 20 customer surveys per month, providing valuable feedback that aided the company in identifying problems and developing solutions to enhance the overall customer experience. Demonstrated a proactive approach and strong commitment to improving customer satisfaction.
- Effectively promoted rewards programs and maintained records of clients' purchase history to gauge their interests and follow up with them regarding new products, resulting in increased sales and strengthened client relations. Demonstrated strong attention to detail and excellent customer service skills, contributing to a positive customer experience and increased loyalty.
- Demonstrated exceptional conflict resolution skills by actively listening to customers and communicating professionally to resolve their concerns, resulting in strengthened customer relations. Displayed a customer-focused mindset and the ability to handle challenging situations with poise and empathy.

COMMUNITY INVOLVEMENT

Misato Orphanage Christmas Toy Operation   Dec 2018- Jan 2019
Partnered with 5 Private organizations, aided 194 youth and collected 596 toys and 901lbs in food helping USAF/US cultivate international ties with Japan.

Airman Against Drunk Driving   Oct 2018-Dec 2020
Protected the community from tragedies of drunk driving by dedicating over 100 hours to organization with a mission to provide transportation for those under the influence.

HONORS AND AWARDS

Top Seller of the Month   Mar 2022
Recognized by management as a top sales performer for the month, demonstrating a strong sales-oriented mindset and excellent performance in achieving sales targets.

People's Choice Awards   May 2021
Received an award for consistently being the "go-to" person for management to complete tasks accurately and efficiently. Demonstrated strong work ethic, reliability, and a proactive approach in completing tasks to the highest standard.

Air Force Achievement Medal   Jun 2021
Recipient of the Air Force Achievement Medal for exceptional performance and achievements in duties. Demonstrated exceptional dedication to mission success and contributed significantly to the success of the Air Force. Proven track record of going above and beyond responsibilities, displaying outstanding leadership skills and unwavering commitment to excellence.

EDUCATION

Codeup
Certification of Completion   Feb 2023 - Jul 2023

This 5-month coding boot camp teaches full-stack software development through 670 contact hours of hands-on technical training (20% more time than 4-year degree majors require). Students hone skills in modern web technologies, computer science, software engineering, and application architecture while gaining project experience with pair programming, debugging, troubleshooting, agile project management, user stories, feature lists, UI/UX, wireframing, and relational database design.
